

# Chertsey High School's 'Wave' criteria

## Wave 1

Quality first teaching and learning by differentiation that matches the needs of all students.

## Wave 2

Small-group intervention (e.g. Additional Literacy/Maths Support and Further Literacy/Maths Support programmes) provides support for students who can be expected to 'catch up' with their peers because of the intervention. This form of intervention is often short term, usually six weeks.

## Wave 3

Specific targeted intervention. Students at Wave Three may have particular needs related specifically to mathematics or literacy, or needs associated with other barriers to learning. Provision at Wave Three is likely to draw on specialist support. It may involve individual support and involve specialist teaching using structure, cumulative and multi-sensory teaching methods. It aims to rebuild foundations, reduce gaps in attainment, and facilitate greater access to Waves One or Two.
